DESIGN — PHILOSOPHY —

Alchymi, a range of exquisitely designed bathroom products that promise to define the next generation of super premium bathrooms. With its seamless combination of revolutionary forms, bold colours and never-before-seen textures, Alchymi will change the way people experience bathrooms.

It all comes from its design philosophy, FloSense, which focuses on the perfect combination of the finest of materials, exquisite craftsmanship and the best-in-class technology.

Capturing the design philosophy and bringing it to life with his unique personal touch is one of the most renowned names in Indian Fashion Industry, Manish Malhotra.

Alchymi products have been curated by Manish Malhotra in the Hindware Design Studio, and hence his aesthetic sensibilities and flair get reflected in them.

"I always thought that any product should be an amalgamation of material and style. ALCHYMI stands just for that. I had a great time experimenting with diverse textures, colors and design.

This is such a special collaboration and it is perfect for young urban Indian consumers who are looking to add a signature look to their homes."

MANISH MALHOTRA
